Mr. Howland Wood, Curator,
The American Numismatic Society,
New York, N. Y.

Dear Sir:

I am in receipt of your letter of January 18th, relative to several hundred European coins belonging to a client of mine.

The Director of the United States Mint at Washington, D. C., has suggested that perhaps your Society would be willing to look over these coins and give me some idea as to just what they are, their age and approximate value. I expect to be in New York City sometime this spring and would gladly bring the coins with me. Kindly let me know if such an arrangement could be made and to whom I should write concerning same. I will, of course, be willing to defray any expense connected with the matter.

Thanking you for your courtesy in the matter, I am,

Very cordially yours,

J. Ernest Isherwood

Dear Sir:

Although we do not make a practice of valuing coins, if you care to bring them up here when you are in New York we will look them over and tell you what they are and possibly give some sort of a value. We can also probably tell you where you can best dispose of them if you wish.

Very truly yours,

Curator
